

## LTC (Ret) Kenneth L. Artiss Memorial Symposium

### ***"Docs in the Box": Impact of Combat Casualty Care on Military Providers Overseas***

4 June 2004, Joel Auditorium  
Walter Reed Army Medical Center

**Target Audience:** Physicians, nurses and other providers or potential providers of health care to combat forces.

**Objectives:** At the end of this event, participants should be able to: (1) Discuss the psychological, logistical, and leadership challenges of providing health care in a combat setting; (2) Identify the range of personal responses that are likely within health care providers in such a setting; and (3) Identify leadership issues to address when mentoring junior military health care providers preparing to deploy or working in the operational setting.
